11 v.

12 United States of America,

13 Respondent.

No. CV-22-00338-TUC-JGZ

**ORDER**

15 Pending before the Court is Morse’s Motion for Certificate of Appealability. (Doc.  
16 14.) A court may issue a certificate of appealability “only if the applicant has made a  
17 substantial showing of the denial of a constitutional right.” 28 U.S.C. § 2253(c)(2).  
18 A § 2255 movant makes a “substantial showing” by establishing reasonable jurists could  
19 debate the outcome of the order or the issues addressed in the order deserve encouragement  
20 to proceed further. *Slack v. McDaniel*, 529 U.S. 473, 484 (2000). Morse has not met the  
21 standard for a certificate of appealability. The Court cannot conclude that reasonable jurists  
22 would debate the outcome in its January 13, 2023 Order, nor that the issues addressed in  
23 the Order deserve encouragement to proceed further.
